AN ENDLESS ROUTE

Typical view of the fruit of the Niagara Valley, between Hamilton's Corn and Niagara, in the Central Division. The new "crops" are from 100 to 120 ft. high. The road over the river was in use before the railway was built, and in 1916, the heavy rain rendered it very muddy and a very bad state. The car was in the picture (Mr. E. E. Whitely, was up to the wheel) in the middle of the crop.

THE FRUIT GARDEN OF OVERLAND

Some of the fruit exhibits of the recent World's Fair, Niagara. The display was the result of special consideration by the Government.
